JORDAN MILLER

TECHNICAL RIDER
Rev. 10/20/2026

DJ + Live Guitar · Country EDM · Austin, TX

Advance / day-of-show contact: Jordan Miller · 512-964-9722 · jordan@djjordanmiller.com

1. ACT OVERVIEW

DJ set with live electric guitar. 2 performers: Jordan Miller (DJ) and guitarist. Set length per contract.

2. DJ EQUIPMENT

	Equipment	Notes
Preferred	2x Pioneer CDJ-3000, linked (Pro DJ Link) 1x Pioneer DJM-900NXS2 or DJM-A9 mixer	DJM-V10 also acceptable. Current firmware, USB inputs working
Acceptable alternatives	1x Pioneer XDJ-RX3, or 1x Pioneer XDJ-AZ	All-in-one units, in place of the above

3. INPUT LIST

Ch	Source	Connection	Notes
1-2	DJ mixer master L/R	Stereo XLR to FOH	From mixer master out
3	Vocal mic (house provided)	1 house mic: wireless preferred, wired OK	Provided by venue/production
4(-5)	Live guitar (mono or stereo)	In order of preference, any one works: 1. House DI box (1 for mono, 2 for stereo) to FOH via XLR 2. XLR into a free mic/line input 3. 1/4 inch into a line input 4. RCA into a spare DJ mixer channel	Artist brings guitar rig and RCA cable; house provides DI or input. 48V phantom if DI requires

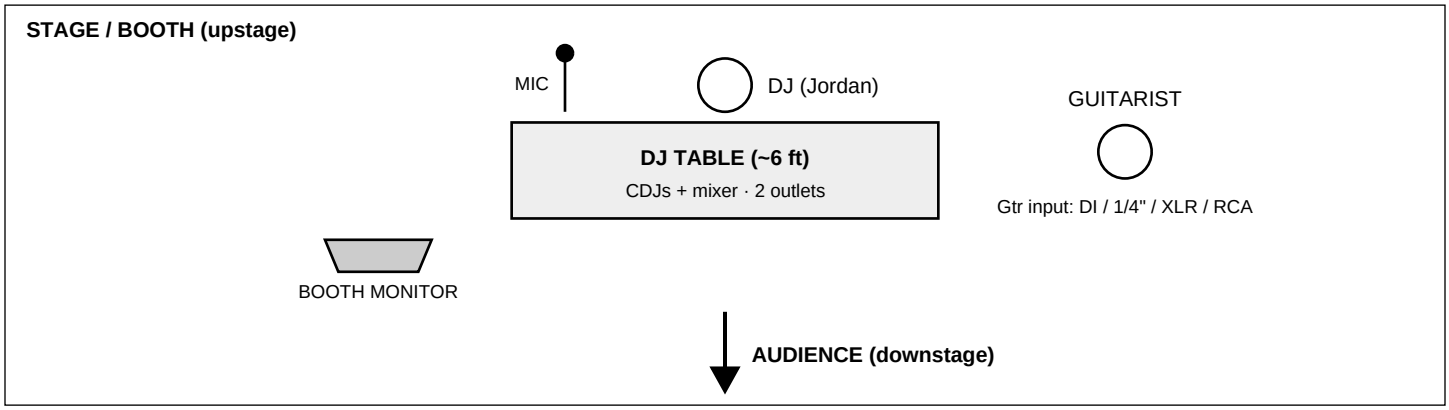

4. MONITORS

- At least 1 booth monitor, facing the DJ
- Fed from the DJ mixer booth output so the DJ controls the level (preferred)

5. STAGE / BOOTH AND POWER

- Sturdy, level DJ table, about 6 ft, waist height, free of vibration
- 2 grounded 110V outlets at the booth (a power strip is fine)
- 15 minutes to set up before the set, plus a quick line check if possible

6. STAGE PLOT

7. NOTES

Flexible and happy to work with house gear, or we can bring our own. Substitutions are fine; please confirm any changes with Jordan during advance.
